## School Profile & Data: School Year 2025-2026

Washington High School is in its second century of producing graduates in the southern East Bay region of the San Francisco bay area. With modernization of the campus, as well as new landscaping tailored for our "Husky Pride," which include a communal garden, the students, staff and alumni take great pride in the architectural tradition that combines the old with the new. Inside the walls of Washington High School, students move through a challenging comprehensive curriculum to prepare them for the twenty-first century. Washington High School has implemented small learning communities, academies and (Google Chrome) instruction in nearly every academic discipline to further personalize the learning experience for our students and improve achievement. Washington High School is alive with opportunity both in classes and in student activities that serve the interests and needs of a diverse student body.
