

# AWESOME ALL STAR NEWS

## Light

By Luis S., Rm 16

I'm surrounded by darkness, loneliness, and coldness,  
 I'm scared and alone.  
 I pulled my face up and saw a glamoring light.  
 It was bright as a shining star.  
 And harmonious as it came from afar,  
 I walked up to it.  
 Suddenly I felt its warmness.  
 The warmth surrounds me.  
 The light comforts me.  
 "Delightful," I said under my breath.

## May

By Khanh, Rm 16

May the fifth month,  
 The only one without funk.  
 May is for the bold,  
 Memory it shall hold.

May has potential,  
 From zero to the next level.  
 The freshest is May,  
 it has peaceful days.

 Foods, Without bees  
 we don't have a  
 buzz buzz buzz,  
 Save bees.

## Droplet of Water

By Zoe H., Rm 16

Rain falling from the sky,  
 I wonder why?  
 Do the frogs play,  
 During the day,  
 When the sky is dark and gloomy?  
 Do the birds fly,  
 When they have no guide?  
 But why,  
 Does this rain exist,  
 In the midst,  
 Of the sad day?

## Stress

By James S., Rm 16

Stress can be like a fire.  
 it burns and burns  
 until it is dried out.  
 But in order to keep the fire burning  
 so you can survive in the wild  
 you have to stay calm  
 no matter what happens

**Time, Time, Time**

By Jonathan S., Rm 16

Time, time, time, time,  
A fidgety substance, is it even a thing?  
Time, time, time, time,  
Can only be measured, not even touched.
