Hello Azevada All Star Families!

I hope everyone is doing well and is remaining healthy as we all continue to “do school” from home. Our students and teachers and parents have been very busy these past many weeks as everyone is completing their schoolwork and assignments at home. Please continue to reach out to your teachers and me if you have any questions related to this new mode of online learning!

I also wanted to send one more reminder regarding the important message that our parents of 4th, 5th, and 6th grade students recently received from the Azevada office. Parents of our 4th, 5th, and 6th grade students received a message via Bright Arrow in regard to FUSD’s Comprehensive Health, Puberty, and Sexuality Education (CHPSE) curriculum. The message explained when the lessons would begin in our 4th, 5th, and 6th grade classrooms and it included information for parents on how they could preview those lessons. If you are a parent of a 4th, 5th, or 6th grade student, please be sure to review the important information.

I also wanted to give everyone an update on a discussion that will be happening at our next FUSD School Board Meeting. At the next FUSD School Board Meeting (which will be held on Wednesday, May 20, 2020), the Mandarin Immersion program will be discussed. Because there is a need to expand the very popular Mandarin Immersion program, the FUSD School Board has asked for an update on ideas for it’s expansion. Please be sure to review the posted FUSD School Board agenda and/or watch the FUSD School Board Meeting to learn about any updates.

And as we begin this next week of school, please be sure to continue to check the Azevada and Fremont Unified School District websites for important updates and announcements. All families will continue to receive important updates from the school district and Azevada via our Bright Arrow messaging system.

Thank you once again to all of our amazing Azevada All Star families who continue to help guide our children through this new world of online learning. This has been a challenging end of this school year for everyone, but we are all VERY PROUD of our students, parents, and teachers who have been working hard to keep this school year going. I hope you have another amazing week of learning and exploring!

Carole L. Diamond
Principal
Azevada Elementary School
