JFKHS Athletes and Parents,

As the Athletic Director at John F. Kennedy High School, I wanted to extend information regarding donations solicited by FUSD, and Kennedy's Athletic Department/ASB programs. I have directed coaches to discuss voluntary donations with the student- athletes, but also wish to extend a written clarification to parents

Although student- athletes are not mandated to pay fees in order to participate in school activities, many extra- curricular programs simply will not be available for students if financial support from outside sources is not secured to supplement district input. We solicit these amounts in order to offset the cost of running our athletic programs.

John F. Kennedy's athletic program appreciates and relies on this lifetime of financial support through seasonal/ annual voluntary donations. Please continue to support our efforts to provide extra-curricular opportunities to your children at JFK. Below is a list of voluntary donations we ask of each family:

Item:	Check Made Payable to:	Reason For Donation:
\$50.00	FUSD	Offset cost of after school coach's salaries, etc
\$50.00 minimum	JFK Athletics	Assist in paying of NCS/CIF Fees and Officials. Helps in the day to day operations.

Thank you for continuing to support John F. Kennedy High School Athletics. Please do not hesitate to contact me regarding this letter. I can be reached at the number or email located at the top of this memo.

Paul McDermott, Director of Athletics
