

# AP REGISTRATION CONTRACT

MISSION SAN JOSE HIGH SCHOOL

Student Name _____ Student ID# _____
--------------------------------------

CAREFULLY READ THE CONTRACT AND INITIAL EACH BULLET BEFORE SIGNING.  
 YOU WILL BE REQUIRED TO STAPLE THIS CONTRACT TO THE TOP OF YOUR  
 REGISTRATION PACKET AND RETURN TO YOUR MATH TEACHER ON THE DUE DATE.

- \_\_\_\_\_ I understand that I am registering for an Advanced Placement course, which demonstrates to colleges that I truly have a curiosity and innate interest in the subject.
- \_\_\_\_\_ Taking an AP course also means that I am willing to dedicate the required amount of time to each course I select.
- \_\_\_\_\_ I am capable of learning the knowledge and skills expected of college students, and I have fulfilled the prerequisites outlined in the high school course catalog.
- \_\_\_\_\_ I will NOT have the option of transferring to another elective after I register for AP courses, as the Master Schedule is based on student requests at the time of March registration.
- \_\_\_\_\_ My counselor has recommended a 4-Year Plan that is unique to me, and I understand that any changes I make to that plan will be at my own risk.
- \_\_\_\_\_ I understand that receiving a deficient grade in an AP course can impact my college applications, and advanced courses are not offered in F.U.S.D. Summer School. All grades on my transcript are permanent marks.
- \_\_\_\_\_ My course selection is balanced and allows me ample time to fulfill my extracurricular and daily living activities, including 9 hours of sleep nightly.
- \_\_\_\_\_ I agree to uphold the school's honor code.
- \_\_\_\_\_ All Prerequisite grades will be checked. Semester 2 grades will be checked next Fall for courses currently in progress. Students who don't qualify may require a schedule change.

You will now fill in your AP Requests and complete the prerequisite requirements, which can be found in the FUSD High School Course Catalog at <http://tiny.cc/2gyrkz>. List ALL prerequisites & grades. Some classes require TWO prerequisites, such as: AP Physics 1: Completion of Chemistry with at least "A" or "B" AND completion of Pre-calculus with "A" or "B" OR concurrent enrollment in Pre-calculus with AP Physics 1 and "A/B" in A2/Trig. For classes you are currently enrolled in, list the Sem 1 grade you earned first semester only, as those are the only available grades.

AP Course      Prereq (i.e. Science)      Grade (Sem 1)      Grade (Sem 2)      Prereq (Math)      Grade (Sem1)      Grade (Sem 2)
