Principal

Dear Parent/Guardian,

RE: Request for Donations

Due to an 18 million dollar cut made to the District budget in the late 1980's funding for our entire grade 7-12 after school sports program was reduced from \$250,000 to \$116,000. This decision came about after many meeting with parents, community members, business partners, coaches, teacher, staff and students. In order to keep the after school program in place, the balance of the program cost was to be generated from a \$50 donation from families of participating students for each sport during our three seasons. Each donation is credited towards each school's after school sports budget that goes toward a portion of their coaches' pay.

Overall, the \$50 donation covers approximately one quarter of the cost of the program. The cost of the program to the district has steadily increased each year. Parent cooperation in donating \$50 towards the after school sports program is critical. If you have any questions, please contact me.

Sincerely,

Bob Moran

Principal
